Svensk Certifiering

Certificate

ISSUED TO

ADDSECURE

AddSecure Group AB

The certificate includes the locations and subsidiaries to AddSecure Group AB listed in the appendix

Svensk Certifiering Norden AB certifies that the information security management system has been reviewed and complies with:

ISO/IEC 27001:2022

Details of scope and the range of the certificate

are defined in the certification decision.

The management system covers:

AddSecure is a provider of managed IoT connectivity and end-to-end solutions that help customers optimize their operations.
Our IoT solutions are used within a wide range of areas including buildings, alarms, transportation and logistics, personal safety, elderly care, construction, municipalities, schools, rescue services, power grids, and more. The management system covers all corporate functions and operational activities, such as development, sales and support.

Statement of Applicability – AddSecure 2025- Oct

Michael Persaud, CEO
